

**RoseCase ProSecure**  
**Dustproof. Waterproof. Tough. Reliable.**

## IP67 certified and extremely durable

RoseCase ProSecure meets the requirements of the International Protection Code IP67. The boxes and cases provide reliable protection against dust and water – even at a one meter depth of water for 30 minutes. The sturdiness of the boxes and cases offer maximum protection for the packed items.

RCPS 350

1. holes left and right for padlocking
2. waterproof sealing ring in the case lid
3. fixing points for partition plates
4. sturdy hinges over the complete length
5. robust due to the extra thick wall
6. cubed foams and convoluted foam are available as standard accessories
7. holes for shoulder strap – RCPS 290/1, 350 + 350 TR
8. easy to open with double throw latches in black
9. soft, stable grip handle for high carrying comfort
10. automatic pressure release valve
11. nylon pins for corrosion protection
12. excellent for stacking and storage
13. labelling area available
14. case shells can be custom-printed

RCPS 180 to 350

## Individual Equipment

The ProSecure case RCPS 350 is also offered with wheels and extendable telescopic handle – as RCPS 350 TR version – without IP67 certification. Convoluted foam for lids and adaptable cubed foams for the bottom are available for all boxes and cases. For the smallest three boxes and the RCPS 340 the convoluted foam can also be chosen for the bottom. Padded divider inserts as well as tool and lid pockets can also be provided upon request for the RCPS 290, 350 and 350 TR cases.

RCPS 350 TR

# Optimum Protection – Compact and Safe

The extra compact ProSecure boxes protect against external elements such as dust, water and shocks. Allowing for electronic devices such as tablets, smartphones, cameras etc. to be safely stored. The boxes are also available as version "/2" in transparent with compartments.

## Light. Comfortable. Withstand pressure.

The case models RCPS 290/2 to 480 L are equipped with one handle on each short side and one handle on the long side. The extendable handle and easy-running wheels provide even more comfort and convenience. The automatic pressure release valve ensures pressure regulation, e.g. for aircraft cargo. Therefore, the contents of the case can remain undamaged.
